In the eye of the Eiolo Greatspot on the Isola di Panarea, Casa Casiopeia

Isola di Panarea, Italy

Description

Casa Casiopeia is one of the finest houses in Panarea. Through the white wrought iron gate you enter onto the property. In front of you is the vast top terrace which has one of the most stunning views of Panarea on the smoking Stromboli and the romantic rocks in front of Panarea. The garden itself is very large and private, featuring a remote natural terrace to watch the sun go down and various panoramic spots for reading, dreaming or having drinks and enjoying the quietness of a mellow afternoon. The spectacular large and sand-coloured salt water pool together with the whirl pool is situated in front of the villa on the garden level, overlooking the sea and Stromboli, making Casa Casiopeia the most desirable villa for rent in Panarea. Strolling over the terrace, equipped with a teak day bed, hammock and several possibilities to sit and read or just lounge about, you enter either into the living room with an open fire space or directly into the large kitchen - a dream for any hobby chef trying to create his favourite dish of fresh Eolian fish. Ensuite to the living room - which can also serve as a bedroom - is a bathroom. From the kitchen you get onto a terrace with an original pizza oven. Falcons circling over Punta Corvo, the highest mountain on Panarea, can be watched from there. From the top floor there is a stair leading down to the garden level bedrooms.
